Dementia
Current Awareness Bulletin
April 2018

This Current Awareness Bulletin is produced by the Yeovil Academy Library to provide staff with a range of dementia-related resources to support practice. It includes recently published guidelines and research articles, as well as news and policy items.

Research & Guidance

Person-centred care improves quality of life for care home residents with dementia
Supporting carers of people with dementia - Research highlight
NIHR research has explored how best to support and improve the wellbeing of those who care for people with dementia.
/highlights/dementia-carers/

Person-centred care improves quality of life for care home residents with dementia
Can exercise help carers and people with dementia?
NIHR research found limited, but promising, evidence to support using exercise to address the behavioural and psychological symptoms of dementia.
/highlights/dementia-carers/can-exercise-help-carers-and-people-with-dementia.htm

What works to support residents’ health in care homes and why
Managing other health problems in people with dementia
NIHR research has looked into the issue of comorbidities for people with dementia, with a particular focus on stroke, diabetes and visual impairment.
/highlights/dementia-carers/what-other-health-problems-do-people-with-dementia-have-and-how-well-are-these-managed.htm

Withdrawal versus continuation of long-term antipsychotic drug use for behavioural and psychological symptoms in older people with dementia
Online Publication Date: March 2018
Reiniscence therapy for dementia
Bob Woods, Laura O’Philbin, Emma M Farrell, Aimee E Spector and Martin Orrell
Online Publication Date: March 2018

18F PET with flutemetamol for the early diagnosis of Alzheimer’s disease dementia and other dementias in people with mild cognitive impairment (MCI)
Gabriel Martínez, Robin WM Vernooij, Paulina Fuentes Padilla, Javier Zamora, Leon Flicker and Xavier Bonfill Cosp
Online Publication Date: November 2017

18F PET with florbetapir for the early diagnosis of Alzheimer’s disease dementia and other dementias in people with mild cognitive impairment (MCI)
Gabriel Martínez, Robin WM Vernooij, Paulina Fuentes Padilla, Javier Zamora, Xavier Bonfill Cosp and Leon Flicker
Online Publication Date: November 2017

18F PET with florbetaben for the early diagnosis of Alzheimer's disease dementia and other dementias in people with mild cognitive impairment (MCI)
Gabriel Martínez, Robin WM Vernooij, Paulina Fuentes Padilla, Javier Zamora, Leon Flicker and Xavier Bonfill Cosp
Online Publication Date: November 2017

BP and Risk of Incident AD Dementia by Antihypertensive and APOE ε4 allele.
Annals of Neurology

Alcohol is the number one modifiable risk factor for dementia
The Mental Elf

Selective Genetic Overlap Between Amyotrophic Lateral Sclerosis and Diseases of the Frontotemporal Dementia Spectrum.
JAMA neurology

NICE National Institute for Health and Care Excellence
Antipsychotics in people with dementia
Published: January 2015. Last updated: February 2018.

MindEd for Older People
Blog post 9 April 2018 Alistair Burns
My future wishes: Advance Care Planning (ACP) for people with dementia in all care settings

Publication 9 April 2018

Increasing exercise to reduce risk of Type 2 diabetes
