## Journals List 2019

NB: Text in purple indicates the range of electronic access available via NHS OpenAthens at the time of compilation. It should also be noted that this is not a comprehensive list of all content available with your password, just those electronic titles we have purchased at YDH and any National Core Content electronic journals which relate to the hard copy journals available on our shelves. Any articles from journals that you can't find in this list are available to you via the inter-library loans system. Please ask a member of the Library team for more information.
